*Offer valid from January 7, 2025 to February 3, 2025 (EST) only. To apply the discount, enter coupon code “NEWYEAR15” when upgrading from a free plan or free trial to an annual Backlog plan at checkout. The two-month discount on the annual plan is automatically applied at checkout, based on a comparison to the monthly pricing. By entering this coupon code, an additional 15% discount to such automatically calculated amount will be applied on top of this. This offer cannot be combined with any other promotions or discounts. Users already on an upgraded Backlog plan are not eligible for this offer. Some exclusions may apply. This offer is non-transferable and subject to change without prior notice. Terms and conditions apply. Existing Cacoo users on an annual plan who upgrade to an annual Backlog plan will receive a discount on Backlog for the full duration of the annual term. Please note that the Backlog billing will follow the same schedule as the current Cacoo annual plan. For the first billing period, the discount will apply to Backlog charges. When your current Cacoo annual plan ends, we will bill you for the remaining Backlog term at the discounted rate, with the discount also applying to the second term.
